

PETITION FOR FEDERAL AND STATE ACTION TO STOP LOCKSMITH SCAMMER ACTIVITIES

I, the undersigned, am a consumer of locksmith services and I have been a victim of a "Locksmith Scammer". I was a victim of: (check all that apply)

- Deception as to the name and/or location of the business.
- Bait & Switch – Quoted one price on the phone and had it substantially inflated.
- Unnecessary drilling or destruction of my locks resulting in unnecessary replacement and highly inflated hardware costs.
- other: _____

Unsuspecting consumers are continually being victimized multiple times a day in many cities across our land by these criminals as are the small business owners and employees in the Locksmith trade as evidenced by YouTube news videos and consumer complaint sites around the nation.

The absolute biggest part of the problem is the Telecommunications Carriers that provide these criminals with the ability to cause their telephone listings with unverified business names and phony addresses to be published in printed phone books, 411 providers, and internet search engines with absolutely no verification or authentication and no rules requiring the Telecommunications Carriers from doing any such directory listing verification.

I hereby petition Congress to amend the Telecommunications Act of 1966 to include language requiring every telephone carrier in the United States to obtain positive verification (such as a title deed or verifiable rental or lease agreement) for every address and end-user customer wishes to list in directory where said carrier has not actually installed service.

I hereby petition the FCC and each state's Public Utilities Commission (or other agency that regulates Telecommunications Carriers) to enact rules to the effect of the above paragraph.

I hereby petition the DOJ, FBI, FTC, FCC, and Homeland Security to investigate and vigorously prosecute scammers in every industry where they are engaging in this criminal and consumer fraud behavior.

I hereby petition the U.S. Attorney General, the Attorney General of my state, and each of our sister states throughout the nation to similarly investigate and vigorously prosecute scammers in every industry where they are engaging in this criminal and consumer fraud behavior.

I hereby petition the County and City prosecutors, Sheriffs' Departments, and Police Departments of every locality in our nation to be vigilant to this problem and vigorously help to eliminate it.
