2006 case - VC 22349(A) 65mph Max fine paid. Judge: BERONIO, JANENE D

2017 case description follows:

David Draper, a locksmith from Winters, CA noticed that he wasn't getting the quantity of calls he should have been. Subsequently he was called by an ongoing customer who informed him that there was a "technician" at the customers' location telling him that he was Lockie Draper's son and that he had been sent because Mr. Draper had suffered a heart attack. Mr. Draper was able to determine that the "technician" was Robert Cantrell, who Mr. Draper had never sent on a job.

Mr. Draper contacted law enforcement and a report was made apparently citing a violation date and time of 04/28/2017 12:00 AM.

According to Superior Court records, as displayed on the web the timeline goes:

8/8/2017 - Bail Bond Posted.

11/14/2017 – Criminal Complaint filed – some notation of a "Late Filing" – Mr Cantrell was arraigned, pled not guilty, waived time and his bail was continued.

11/17/2017 – PHC – matter heard.

12/11/2017 – "170 Motion" was filed (Challenging the judge's ability to hear the case)

12/14/2017 – "PHC - "170.6 DENIED" set for court date 1/25/2017 @ 10AM in Department 11  
With judge Timothy Fall Presiding.

Charges are:

Count	Level	Code Violated	Description
1	F	PC 530.5(A)	USE/PERSONAL IDENTI
2	F	PC 459	BURGLARY
3	M	BP 6980.10	UNLIC-LOCKSMITH
4	M	PC 653M(A)	HARASS BY TELEPHONE

To me this seems weird because typically the order of business is:

1. complaint filed
2. warrant issued
3. arrest / bail
4. arraignment
5. etc.

Unless possibly a grand jury indictment was obtained and sealed and a warrant issued....

Why the criminal complaint was filed some 3 months after bail was posted is a mystery that I intend to follow up on.

2018-01-16 Update: Phone messages to the detective and the victim's advocate not returned yet.

After leaving a message with a reluctant receptionist, I received a call back from Yolo County CA Chief Deputy District Attorney Jonathan Raven.

He explained to me that CANTRELL was arrested on what they call a "Ramsey Warrant". In other places on the web this process is described as:

"A **Ramey warrant** (also known as a pre-complaint **warrant**) is where the police think they have probable cause to arrest, but have not submitted the case to the DA yet. They swear out an affidavit of probable cause to a judge and if the judge agrees, the **warrant** is issued...Dec 22, 2014"

When I asked DA Raven if the police just do this on their own or if they consult or have the help of the DA's office, he told me that the police DO go through the DA's office when they acquire one of these warrants in Yolo County.

The warrant was issued sometime in July before Cantrell was arrested and apparently posted bail in August.

DA Raven also told me that there is a time period (I forgot the specific time) for them to file a complaint after someone has been arrested. From the "LATE FILING" notation on the record, it would appear that the DA may have missed the deadline to file the complaint. Apparently, because the case is ongoing, it was not a fatal error.

When I spoke with DA Raven I asked him about federal involvement since there is an image of a business card from US District court. DA Raven stated that there was no federal involvement as of now.

Having received information that CANTRELL may have been paid \$50,000.00 by someone in an Israeli-run call center in San Jose to use CANTRELL's locksmith license number on their advertisements.

If that is true I don't understand what benefit the call center people think they would achieve in the event they are using multiple business names and multiple websites. The CA Locksmith Act requires all advertisements to contain correct info.

BSIS (**The BS DEPARTMENT** as I call it) could generate a lot of revenue if they would just start pursuing all of the phony addresses in their internet advertising. It may be that (b) may need to be amended to include "... internet advertising whether paid or unpaid."

6980.64. (a) Every advertisement by a licensee soliciting or advertising business shall contain his or her business name, business address, or business telephone number, and license number as they appear in the records of the bureau.

(b) For the purpose of this section, "advertisement" includes any business card, stationery, brochure, flyer, circular, newsletter, fax form, printed or published paid advertisement in any media form, directory listing, or telephone book listing.

(c) The director may assess a fine of five hundred dollars (\$500) for the first violation of this section and one thousand dollars (\$1,000) for each subsequent violation. These fines shall be deposited in the Private Security Services Fund.

This table is a chart of entities which I thought might be involved when I was working this up during "non-business hours" and some notes I've made from phone calls to check out this matter.
